*You can do what I cannot do. I can do what you cannot do. Together we can do great things!*

*- Mother Teresa*

Dear Parents,

There is a leader in every child!

Leadership training must start as early as possible – consciously, by extending opportunities, by providing examples, and through trust and sharing.

At Indus, we believe that the purpose of school education goes beyond academic excellence, although academics are important. We believe that schools should prepare children to succeed and to be happy in life. This involves imparting students with values experientially, character traits, and competencies like lifelong learning, living with diversity and critical thinking, to deal with the challenges of tomorrow – uncertainty, unpredictability, and chaos.

Leadership is a science and an art and has to be learnt like any other subject in school. Leadership training has to start as early as possible.

Teachers and parents are co-trainers and the most important ones as well. We are influenced most by those who are closest to us – parents, teachers and local community leaders.

Our primary role as leaders is to help the child find his/her passion, and then help him/her to live that passion. Finding and igniting the child's passion and imagination are leadership functions. Picasso once said, "It took me four years to paint like Raphael, but a lifetime to paint like a child."

Please continue to support your child to take little steps towards being a leader of tomorrow. Together, we can do wonders!

School has been off for about a month now and we miss having the children with us.

We look forward to having the children back with us on the 12<sup>th</sup> of June, 2017 and look towards enhancing their learning journey. We will be having our CRM day (Parent Orientation) on the 10th of June, 2017 (Saturday) and we look forward to meeting all the existing and new parents.

Have a great Summer Vacation with your little one!

Warm Regards,

Mukta Khurana
