

**"Greater energy and greater passion is more extraordinary than greater genius."
— Lt. General Arjun Ray, (Retd.), PVSM, VSM**

Issue 161, June 2016

The best decision a teacher can take in her life is to be a great teacher.

A great teacher having a calling, is a rare species these days. She is great because of her mastery in education. Her attributes are phenomenal:

The ability to unlock a child's potential.

To liberate the minds of her students.

Teach what Google cannot teach.

We need great teachers to build character, creativity and risk-taking. This is what Indus and the Indus Training and Research Institute are working towards – our mission, our manifesto. It will be a long haul but the journey has started.

With warm regards,

**Lieutenant General Arjun Ray, PVSM, VSM (Retd.)
