

"Greater energy and greater passion is more extraordinary than greater genius."
— Lt. General Arjun Ray, (Retd.), PVSM, VSM

Issue 141, October 2014

Dear Friends,

The triple rankings in the national league is a rare achievement, and reaffirms the public faith in our vision and passion towards whole-education, academic excellence and exemplary leadership.

The power to carry out this vision would not have been possible without the freedom and trust from our Board of Trustees, and each of you for your alignment with the Indus vision, and commitment to preparing leaders for tomorrow.

At this high level of achievement, we begin asking different questions. If you continue competing with others your potential will never be realised. The great challenge is: how do you compete with yourself? The answer to this question is how ordinary people become extra-ordinary. Raising the bar begins with you, and then the children in the class.

This year, we ask ourselves: could we do more?

With warm regards,

**Lieutenant General Arjun Ray, PVSM, VSM (Retd.)
Chief Executive Officer
Indus Trust**
